At this time of year, I would like to take the time to thank each of you for your continued cooperation and efforts throughout this year.

As previously discussed, we have agreed to charge each vendor 10% quarterly on purchases for the year 2001 as advertising/rack placement fee dollars.

Please sign off on this sheet and fax back to my attention at 518-452-3547 so that I may place this in each of your files. If you have any questions, please don't hesitate to contact me.

Thanks for all your support!

PRIDDIS000147

At this time of year, I would like to take the time to thank each of you for your continued cooperation and efforts throughout this year.

As most of you are aware, each company has advertising goals to reach by its year end, with Trans World being no exception. I have been asked by upper management, to obtain from each of you a rack placement fee for the year 2000 and negotiate for the year 2001 as well. This fee is in addition to the advertising coop that we occasionally ask for throughout the year (FSI ads etc). This is strictly for placement of your racks in our stores. At this time we are asking you for a credit of \$33000.00 to cover the rack placement for this year. In 2001, we will then be charging you 10% of yearly purchases for same rack placement.

Please sign off on the attached co-op advertising sheet and return to my attention immediately. If you have any questions, please don't hesitate to contact me.

Thanks for all your support!

Joanne Maggio
Boutique Buyer

RE: 2002 Plan

Dear Russ,

This letter outlines the 2002 program as we have discussed. You were interested in the following:

- The BEST PRICE you can get
- No competition from us on the INTERNET
- An improvement to our DISPLAY rack

We are interested in the following:

- Remain your PRIMARY KARAOKE VENDOR
- Simplify accounting and improve CASH FLOW
- Simplify and improve accuracy of RETURNS
- Up to date NEW RELEASE ordering of all product LINES
- Adding ADDITIONAL ENTERTAINER Series CDG's

0052

PRIDDIS000305

Pricing

Product	Current	MSRP
ProSound CDG	\$ 7.00	\$ 14.95
ProSound Cassettes	\$ 4.65	\$ 9.95
Faith Series CDG	\$ 7.00	\$ 14.95
Faith Series Cassettes	\$ 4.65	\$ 9.95
Entertainer Series CDG	\$ 11.49	\$ 24.95
Entertainer Series DVD	\$ 11.49	\$ 24.95
MORPH1 Package	\$ 19.95	\$ 44.95

Volume Rebate – Yearly Discount (Net Sales)

Net Sales	Discount
\$ 1,500,000.00	1%
\$ 2,000,000.00	1.5%
\$ 2,500,000.00	2%
\$ 3,000,000.00	2.5%
\$ 4,000,000.00	3%
\$ 5,000,000.00	4%

Discounts / New Rack Placement Fee: In order to simplify accounting and improve cash flow, we asked that the rack placement fee be discontinued and we include the discount up front in our pricing. You mentioned that this would not be possible and that you would like to continue with the 10% rack placement fee. You also requested that the offered 5% price discount be taken with the quarterly rack placement rather than off the initial price.

We will agree to the 15% quarterly rack placement fee, consequently the prices for our product will remain the same. The first volume discount would also give you an additional 5% off the current price. In addition, we currently give 2% discount for on time payment and we are covering freight, which figures in at another 2%. The free displays we are supplying are another 7% - 10%. This all adds up to at least **31% off** the current price, or an effective price of \$4.83 or less per 5+5-song disc.

Internet. We do want customers to go to you first. The main reason for our website is because few stores carry all our titles. We want customers to be able to get what they want. Our site does have a "Dealer Search" area with your stores listed there. We can do some things like add banners that direct customers to your site. However, I went to your "fye" site and failed to find our product there. A search for "karaoke" brought up only a few titles (not ours). Another search for "sing like" brought up all Sound Choice titles,

0052

PRIDDIS000306

listed as "out of stock". I searched for "priddis", "Britney Spears", etc. It seemed that nothing I did brought up our product. We would like to have a presence on your website. Lets discuss what we can do so people can find our product on your site, and then we will be happy to discuss our website.

Returns. You mentioned that returns would now come through your DC Centers, which should eliminate all of the past problems with compliance, paperwork, and accounting nightmares.

New Releases. When we initially met, we decided on a program where our new releases would automatically be ordered. I think even 1 or 2 copies per store would be valuable to keep the mix up to date and keep customers coming back. We talked about the new releases being added to the basic inventory or dropped and returned quarterly, based on sales. You also mentioned adding some additional titles of the Entertainer Series (15 song discs) to the basics. We think this is a good idea.

Sell Through/Down: Before product is returned basics should be dropped so that replenishment orders aren't still ordering the future returns. I would then like to discuss with you an appropriate amount of time that we will allow the desired product sell through/down in the stores before they are returned.

Primary Vendor. We want you to be happy with our product and service. We value the relationship we have developed with TWEC over the last few years, and want to continue to make Karaoke a successful product for you. We would like to see you reach the higher volume discounts by continuing to add new stores and product. We will do everything we can to help you.

Best regards,

David Tomlinson

Russ,

I like the idea. I haven't had a chance to talk to you yet because I'm on vacation with my family and so I haven't been in the office to put the numbers together. We're out on the road and I have checked my email a couple times, so I'm not totally out of touch. Perhaps you could work with Gavon until I get back on the 15th.

Thanks,

Rick

Rick,
 I have attached the current due payables that we are showing on our books vs. what you are showing. We have had many issues in trying to reconcile this account. We need to get this under control as we move forward. It is far and away one of the most difficult and time consuming accounts that our AP deals with. I have asked our AP and EDI to copy you on issues that we are facing. You need to be aware of the problems that are causing these payment issues. You will be contacted by Kathy Festa, our vendor relations supervisor, and she will go over in detail these issues. We have highlighted a few of them below.

We will be releasing a check in the amount of \$360,947 next week. The breakdown of the payment is listed on the summary sheet attached. After you have reviewed this, please send me an email and let me know what a good time to contact you is. Thank you.

From: Ellsworth, Alyssa
Sent: Monday, January 27, 2003 2:42 PM
To: Kellar, Russell; Tiemann, Sue
Subject: Priddis

Russ
 I've attached a workbook of the Priddis Account. There are several sheets, but the last sheet will give you the information you are looking for. Our balances are off \$194,934.06.
 \$105,438.80 of this amount are invoices TWEC needs.
 \$87,963.87 is the difference between chargebacks TWEC is going to deduct and credit memo's Priddis issued.

Priddis is still in a credit balance for December due because of returns and POD chargebacks. As you can see by the spreadsheet they are showing (\$34,733.75) due. For January Priddis is showing \$576,898.98 due.

As far as the reconciliation process, I think I've explained some of the problems we are encountering with their EDI invoices. Here are some examples of the problems with decimal points:

Invoice #	Transmitted as	Statement Amount
1712	.99	99.00
1786	19.89	198.90
1793	21.29	212.90
1884	22.69	226.90

5/20/2005

CONFIDENTIAL

TWEC000510

1946

22.69

226.90

We are also concerned with the freight terms. According to our records, Priddis will charge \$1.00 per invoice if the shipment is under 20 pieces. They are currently charging us anywhere from \$1 to \$9. Many of these are in the form of debit memo's. This area gets a little messy as Priddis will transmit the invoice with freight, but on the statement it is two separate invoices-one for the invoice, and one for freight.

1012 transmitted as \$16.00 - This is on the statement for \$7.00 but invoice 1251 is open for \$9.00 for the freight.

1027 transmitted as \$16.00 - This is on the statement for \$7.00 but invoice 1254 is open for \$9.00 for the freight.

1026 transmitted as \$23.00 - This is on the statement for \$14.00 but invoice 1255 is open for \$9.00 for the freight.

Russ

There are some more minor issues open (primarily from the 'invoice amount differences' section of the spreadsheet). We have not been able to identify what some of those differences are. What Priddis transmits should be what is open. However these are not matching.

E6458 - TWEC has booked for \$385.92 but it is on the statement as \$450.90

2727 - TWEC has booked for \$1,534.03 but it is on the statement as \$1,520.03

Please call me with any questions!

Rick,

We still haven't received a response from this email. These are some of the major problems that are causing the payment issues. We have been allocating a significant amount of time reconciling your account and we need your feedback as well. Every time there is a discrepancy on an invoice, it must be removed and researched before it can get paid. We would like to set up a conference call for 3:00 EST today to discuss the issues and get some resolution. Please confirm that this time will work for you. Thank you.

Subject: Priddis Invoices with Amt Differences

Lainee,

I had a supervisor research the invoices with the amount differences from your statement dated 8/20/03. She found that several things are occurring. The issues are with double billing, shortages and freight. I've attached a spreadsheet with the details for each invoice.

These are the same issues we've been having since the reconciliations started in January of this year. We've reconciled the account on 1/03, 2/03, 6/03 and 8/03. We have to make manual corrections each time a reconciliation is done. It's taking TWEC a lot of time to determine if we have been over or under billed.

Priddis must make the corrections necessary to remedy these issues. Thank you in advance for your cooperation.

Sincerely,

Sue

Subject: FW: Priddis Invoices with Amt Differences

Russ,

Do you see what is going on. We need your help. As stated in this email, we have reconciled this account way too many times. And if you read this email, even Laine from priddis is stated that TWEC is responsible to see if priddis has under or doubled billed. How about billing correctly and then there wouldn't be this issue at all. This is getting ridiculous. HELP!!

Cc: 'Rick Priddis'; Gavon@priddis.com
Subject: FW: TWEC/Priddis - Open payables Rec.
Importance: High

Hi Sue:

Recently we had TWEC send us an open payables listing so that we could reconcile our Accounts Receivable account with yours. The attachment TW Rec 6-5-03 is a listing of the items that do not reconcile as of 6/5/03. I've made notes on a few items that will help clarify the inconsistencies. If you could please check these items against your records and either make the appropriate changes, or send me your notes and/or the applicable paperwork, we can bring us both into balance. Also, I'm aware of the possibility that a payment may have been applied differently by you than it was on our records. I've attached (twec payments) a listing of how your payments/credits were applied so that you can verify or make note of any differences.

Lastly, we had discussed the return for your RA#6342 which ended in a CM being issued for you (S00451) in the amount of \$5594.39 (via your emailed spreadsheet of the contents.) Unfortunately, we have received almost twice the amount of that authorized (\$10,071.10) However, nearly 400 pieces of the returned product is non-Priddis product. I've enclosed a listing of those items (see Nonproduct returns). Will you have an RA# approved for us to return these products to you. Also, please have the RA for these products applied directly to the CM they were sent with (s00451) to avoid confusion. Also, when I noticed the CBM006342D (which I'm assuming is the equivalent credit memo) on your open payables, the amount only equals \$1,435.44. Please clarify the difference in amounts?

I've attached the Excel documents spoke about in this email. Thank you for working with us to make the appropriate changes. These changes will enable things to run smoothly. Also, since we are working through this together, please let me know of any additional problems you may have recorded.

Thanks a bunch!

Laine Price

Rick,
Could you or Laine respond to Sue's inquiry below. Also, Sara pulled the list of titles that you have not been shipping. These titles account for 34% of your total business. I forwarded you the list of out-of-stock stores, but I haven't received a response. Thank you.

Rick,
We still haven't received a response from this email. These are some of the major problems that are causing the payment issues. We have been allocating a significant amount of time

8/6/2004

CONFIDENTIAL

TWEC000139

reconciling your account and we need your feedback as well. Every time there is a discrepancy on an invoice, it must be removed and researched before it can get paid. We would like to set up a conference call for 3:00 EST today to discuss the issues and get some resolution. Please confirm that this time will work for you. Thank you.

Subject: Priddis Invoices with Amt Differences

Laine,

I had a supervisor research the invoices with the amount differences from your statement dated 8/20/03. She found that several things are occurring. The issues are with double billing, shortages and freight. I've attached a spreadsheet with the details for each invoice.

These are the same issues we've been having since the reconciliations started in January of this year. We've reconciled the account on 1/03, 2/03, 6/03 and 8/03. We have to make manual corrections each time a reconciliation is done. It's taking TWEC a lot of time to determine if we have been over or under billed.

Priddis must make the corrections necessary to remedy these issues. Thank you in advance for your cooperation.

Sincerely,

Sue

Russ,

I'll go ahead and release the special orders tomorrow.

I'm just finishing up the reconciliation and should be able to send that to you tomorrow. It's looking like we'll need between \$75,000 - \$100,000.00 sent to us to bring your account up to date. At that point we can look at sending the large orders again.

Thanks for your patience.

Subject: RE: Priddis Music Statement

Hi Laine,
Would you please email the statement on an excel spreadsheet? Comparing two spreadsheets increases the accuracy. Rick Priddis mentioned last week that Priddis had sent POD's during 2002 to clear several chargebacks. On 2/11/03 I requested a spreadsheet of these chargebacks and that the documents be sent to my attention. Would you please check into this and let me know the status?
Thank you,
Sue

Subject: RE: Priddis Reconciliation

Laine,

In the future, please direct all reconciliation requests to Sue Tiemann. Russ Kellar does not reconcile your account. Your account was fully reconciled around February 26th 2003. With the volume of vendors that we have, it is impossible for us to reconcile with vendors any sooner than approximately every 6 months or so. However, you are more than welcome to get your open payable listings, which I understand Russ sent to you this week. Please send us all copies of invoices and the appropriate Pod's that you show as unpaid, all paperwork (denials) for the outstanding debit memo's and all open credits. We will work through them expeditiously. If you have any questions, don't hesitate to call me. Thanks

Subject: RE: Priddis Reconciliation

Sue/Kathy,

Could you please help out on this. I know you are slammed this week, but do you think you could reconcile this account by the end of next week? Thanks for the help.

Importance: High

Russ:

Attached is the reconciliation for our open payable accounts. Please, make this your first priority. This should take no more than 2 days to complete. I am available for any questions you may have regarding the attached report. If you foresee problems that may hinder your progress, please call me so that I may help.

Thanks again for seeing this reconciliation through! It can get frustrating to continuously reconcile when no one is willing to work on the other end with me. I really appreciate it!!

Thanks again,

Lainee Price

Subject: FW: TWEC/Priddis - Open payables Rec.
Importance: High

Hi Sue:

Recently we had TWEC send us an open payables listing so that we could reconcile our Accounts Receivable account with yours. The attachment TW Rec 6-5-03 is a listing of the items that do not reconcile as of 6/5/03. I've made notes on a few items that will help clarify the inconsistencies. If you could please check these items against your records and either make the appropriate changes, or send me your notes and/or the applicable paperwork, we can bring us both into balance. Also, I'm aware of the possibility that a payment may have been applied differently by you than it was on our records. I've attached (twec payments) a listing of how your payments/credits were applied so that you can verify or make note of any differences.

Lastly, we had discussed the return for your RA#6342 which ended in a CM being issued for you (S00451) in the amount of \$5594.39 (via your emailed spreadsheet of the contents.) Unfortunately, we have received almost twice the amount of that authorized (\$10,071.10) However, nearly 400 pieces of the returned product is non-Priddis product. I've enclosed a listing of those items (see Nonproduct returns). Will you have an RA# approved for us to return these products to you. Also, please have the RA for these products applied directly to the CM they were sent with (s00451) to avoid confusion. Also, when I noticed the CBM006342D (which I'm assuming is the equivalent credit memo) on your open payables, the amount only equals \$1,435.44. Please clarify the difference in amounts?

I've attached the Excel documents spoke about in this email. Thank you for working with us to make the appropriate changes. These changes will enable things to run smoothly. Also, since we are working through this together, please let me know of any additional problems you may have recorded.

Thanks a bunch!

Laine Price

EXPLANATION OF TWE DEDUCTIONS:

The following are TWE pending deductions, which will be paid back on the Vendors next regular check and should be posted as Debits on the TWEC statement:

ADV Deduction: This deduction represents all of your outstanding **Unprocessed Advertising** that you have not authorized at the time that the check is cut. This amount is determined by advertising that has been committed, but you have not authorized, do not have the Invoice, or proof of performance. Consequently, the amount will always be repaid on your next regular check. Once TWE receives the authorization, TWE removes the amount from the unprocessed, at which time it becomes a line item deduction on your check (CBA).

	<u>Prefix</u>	<u>Explanation</u>
*	ADV062006	The sum of all Unprocessed Advertising.
*	ADV062006R	The reversal (Which will be paid back with the vendors next regular check.)

RAR Deduction: This deduction represents all of your outstanding **Return Authorization Request's** that you have not authorized at the time that the check is cut. It is product that is sitting in our warehouse waiting to be returned to you. Consequently, the amount will always be repaid on your next regular check. When you send in your RA (return authorization) TWE removes the return from the RAR file and immediately returns it to you, at which time the return becomes a line item deduction on your check (CBM). This deduction is made to reduce the risk of going into a debit balance due to the timing of the product shipping after the payment is made.

	<u>Prefix</u>	<u>Explanation</u>
*	RAR062006	The sum of all the Return Authorization Requests
*	RAR062006R	The reversal (Which will be paid back with the vendors next regular check.)

Leverage: This deduction represents the amount calculated in order to maintain your agreed **Leverage** percentage at the time of payment. Consequently, the amount will always be repaid on your next regular check. Leverage can also aide in gauging over-buying and over-selling.

	<u>Prefix</u>	<u>Explanation</u>
*	LEV062006	The figure that is deducted to keep the vendor at the agreed Leverage Percentage.
*	LEV062006R	The reversal (Which will be paid back with the vendors next regular check.)

RET Deduction: This deduction represents the total amount of anticipated **Returns/Recalls** coming in from the field. It is essential that TWE understand the timing of the returns/recalls coming in as they can put a vendors account into a debit balance. Consequently, the amount will always be repaid on your next regular check.

	<u>Prefix</u>	<u>Explanation</u>
*	RET062006	This deduction is used when there are anticipated returns/recalls coming in from the field, that could possibly put the vendor in a debit balance.
*	RET062006R	The reversal (Which will be paid back with the vendors next regular check.)

DLCK Deduction: This deduction represents is a charge or credit that TW must enter in order to produce a clean up check. In the event that there is no payment due the vendor, TW will cut a clean up check for the vendor so that the account can stay clean and up to date.

	<u>Prefix</u>	<u>Explanation</u>
*	DLCK0606	This is the deduction that TW must use to create a clean up check (\$1.00 check and it may be a credit or debit and the reversal would be the opposite).
*	DLCK0606R	The reversal (Which will be paid back with the vendors next regular check.)

Note: There will always be a prefix then the month and year. The same for the reversal, the only difference is an "R" at the end.

EXPLANATION OF TWE DEDUCTIONS CON'T:

The following is what you can expect to see on your check edit as a line item, for deductions ie.. Advertising, Returns, Shortages, Pricing Differences, Price Protections, POS, Non-compliance of POD Requests or Auditor deductions. These items will not be paid back without a Credit Memo from the vendor or proof as to why the deduction should not be honored.

	<u>Prefix</u>	<u>Explanation</u>
*	CBA	This the line item charge back for Advertising. There will be the prefix and then the Authorization number.
*	CBAR	This is the reversal which will be done when credit is received.
*	CBM	This is the line item charge back for Returns, Shortages and Pricing differences. This is TWE system generated number.
*	CBR	This is the reversal which will be done when credit is received.
*	CA12345	This is the line item charge back for Price Protection. The numbers of the charge back follow the CA. The reversal will have an R at the end of the numbers.
*	FLEX	This is the line item charge back for Point of Sale (POS) rebates. The numbers of the charge back follow the FLEX. The reversal will have an R at the end of the numbers.
*	CBP	This is the line item charge back for non-compliance of a POD request. TW will request POD if there is no receipt in the system and the invoice is already paid. TW will charge back approximately 60 days after the request of the POD's. This charge back will be reversed <u>ONLY</u> when TW has received all POD's requested.
*	12345CA	This is a post audit charge back. The reversal has an R at the end.

Note: there will always be the prefix then the actual charge back number, except for the post audit.

The following is how TW codes our vendors Credit Memo's:

	<u>Prefix</u>	<u>Explanation</u>
*	CMA	Credit Memo for Advertising charge backs.
*	CMM	Credit Memo for Returns, Shortages, Price Protection, Pricing Differences Auditor charge backs and any other.
*	CMU	Credit Memo Unknown. We use this if there is no reference number on the credit memo and we can not apply it to a charge back or an invoice.

Note: There will always be a prefix followed by the Vendors credit memo number.
